## *Announcement*

---

We cordially invite all people who are interested in good Shorthorn cattle to attend our sale November 1st. The offering is composed of cattle mostly bred by us, and we feel sure that they will please the most critical buyer. They are well bred, real outstanding prospects, both bulls and females. We are especially proud of our female offering. They are of the modern type and color, and are without a doubt the best we have ever offered for sale. Both herds have been using Allen Cattle Co. herd bulls with great success, such as Divide Lord Goldspur by Browndale Goldspur and Divide Sergeant by Duke of Killearn in the Kardel herd; and in the Penningroth Bros. herd, Divide Gold Cadet by Divide Goldpiece and Divide Wellington by Duke of Killearn. The get of these four great sires will be featured in this sale.

We assure you it will be worth your while to attend, and you will not buy better Shorthorns anywhere.

**GILBERT KARDEL  
PENNINGROTH BROS.**

---

## ***Concerning the offering . . .***

It was "a natural" for Gilbert Kardel and Penningroth Bros. to team up and present this sale offering for buyers seeking some truly outstanding, modern-bred, modern-type, richly colored Shorthorns. Cattle in both herds have been developed with primarily the same blood lines, and sale day guests will note the striking similarity of uniform quality throughout the entire 44 lots selling.

The 16 bulls are all dark red, smooth, short legged, typy fellows, and you have my word that the 28 lots of females are definitely some of the best to sell this fall. They would have provided a "field day" for a photographer, but since none were available, just take our word for it that they are a truly beautiful lot and be on hand November 1st to buy them.

**MERVIN F. AEGERTER,**

The Shorthorn World.

## *Guarantee Approved by American Shorthorn Breeders' Association*

---

1 — Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2 — All bulls sold as separate lots are guaranteed breeders, provided they are not allowed to serve under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

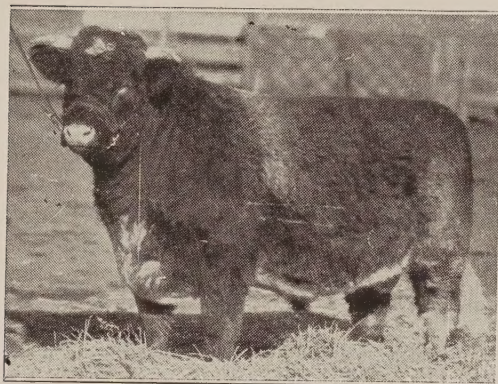

3 — Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers are guaranteed breeders, except that calves sold by side of the dam as one lot and heifers under 16 months of age at the time of sale are not guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers bred for more than three months, according to the service date furnished at the time of sale, but not proving in calf, must be reported to the seller within three months after date of sale; all others served within three months prior to the date of sale, not settled or proving to be in calf, must be reported within six months. Females over 16 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4 — Any animal not proving up to the foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for a retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, the purchaser shall be given the option of having the purchase price refunded without interest, or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply upon any animal later substituted.

5 — All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws regulating tuberculosis of the State or Country into which they may be shipped. Animals shall be segregated from the buyer's herd until the retest is made except the herd be a Federal Accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State Veterinarian, or veterinarian deputed by the State Veterinarian, who is co-operating with the Federal Veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction, except that the purchaser shall agree to accept a substitute.

6 — Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at his risk of loss or injury after being bid off.
